PROFILE

Motivated and detail-oriented computer science student with hands-on experience in backend development using Java, Spring Boot, and MySQL. As a finalist in the Smart India Hackathon 2024, I contributed as an API developer to build a real-time agricultural price monitoring system. Passionate about solving real-world problems through scalable software solutions and eager to grow in a collaborative tech environment.

EXPERIENCE:

Aspiring Software Developer, *Rajasabari* Coimbatore, India

- Selected for the Grand Finale of Smart India Hackathon 2024. Contributed as an API Developer by building RESTful APIs for an AI-based agriculture commodity price monitoring system using Java, Spring Boot, and MySQL.

Backend Developer, *Rajasabari*

- Worked as a Backend Developer in a project selected for the Grand Finale of Smart India Hackathon 2024. Designed and implemented RESTful APIs using Java and Spring Boot, integrated MySQL for data management, and contributed to developing a scalable price prediction system for agricultural commodities.

EDUCATION

BACHELOR OF ENGINEERING, *KARPAGAM COLLEGE OF ENGINEERING* 2023 – 2027

- Computer science and technology Coimbatore,
- GPA: CGPA-8.0 Tamil Nadu

SKILLS

Java — Amateur	Python — Amateur
C-Programming — Proficient	HTML ,CSS & REST APIs — Proficient
MySQL — Competent	Critical thinking
Problem solving	Leadership skills
Team collaboration	Mathematical proficiency
